

Announcement

You are cordially invited to call and inspect our new line of **HAND PAINTED CHINA** now on display. We have taken the agency for the **PACIFIC COAST CHINA CO.** and especially call your attention to **MONOGRAM** work which we can also furnish and guarantee the most perfect workmanship.

A. V. ALLEN

IDEAL MILITARY CAMP ON "EVENING ISLE"

UNCLE SAM INVESTING HIS INSULAR POSSESSIONS WITH GREAT POST

Officers of the Fifth Cavalry now stationed in the new, and yet unnamed military post on the Leluchua plains twenty miles from Honolulu, are unanimous in declaring that the camp site is little short of ideal. The men are also well pleased with their surroundings, only regretting, perhaps, that they are not a little nearer to the city. There is no question, however, that the post will soon come to be recognized as the most delightfully located of any occupied by United States troops, if not in the world.

These are pretty broad statements, but can be made with a good margin of safety, and will scarcely be disputed by any one who has seen the new location. Lying near the center of a plain which forms the central portion of the Island of Oahu, and flanked on the north-east and south-west by rugged and verdure-clad ranges of mountains, the camp has an elevation of between one and two thousand feet above the Pacific. The ocean spreads out ten or twelve miles to the southward, in a great wall-like expanse of the deepest of blues, till it merges into the horizon.

At the time of the annexation of the Islands to the United States, a tract of about 14,000 acres was reserved for military purposes in a strip six or seven miles long extending across the plain from mountain to mountain. At that time the entire plain was considered of small value, not being adapted to sugar cane, and was only utilized as range for a few cattle. At the present time however, the largest pineapple district in the Territory is located there, a portion of the reservation itself being under cultivation through an old lease. The men of the Fifth Cavalry are summoned by hundreds of acres of the delicious fruit, which fact is especially to their liking.

For a number of years Wahiawa, the center of the pineapple district, and within a few miles of the new post, has been a favorite summer rendezvous for Honoluluans, the alti-

tude giving the place a delightfully cool and invigorating atmosphere at all seasons, and this feature is now shared by the troops. The site chosen for the camp has a very gentle slope, giving perfect drainage, while the purest of water has been piped in abundance from the nearby mountains. The parade and drill grounds laid out are on a most imposing scale and could scarcely be improved upon for either infantry or cavalry maneuvers, while the quarters for men, officers and horses are large and roomy. At the present time most of the quarters are of temporary character, but work has been begun on the permanent buildings, which are to cost several millions of dollars before the plans already made are carried out.

Although somewhat distant from the city, a railroad runs close by the post affording quick service to Honolulu by several trains daily.

For some time at least, the soldiers will have some very good hunting in the mountains to either side of their post, there still being an abundance of wild turkeys, goats, and wild boars, which have been but little disturbed by the citizens.

At the present time the post is occupied only by eight troops of the Fifth Cavalry with the regimental staff, band and hospital corps; but it is understood that within a few months a regiment of field artillery and one of infantry will also be stationed at the same place, forming with the other forces on the island, an army brigade, and possibly a separate division, the troops here being at the present time a portion of the Pacific Coast Division.

IN MEMORY OF O. W. HOLMES

CAMBRIDGE, Mass., April 27.—The Cambridge Historical Society has completed arrangements for its celebration of the one hundredth anniversary of the birth of Oliver Wendell Holmes. The poet was born in Cambridge, Aug. 29, 1809, but it was found more convenient to hold the celebration at the present time than on the actual anniversary next August.

The centenary exercises will be held in Sanders Theater tonight, with President Eliot of Harvard University presiding. The speakers will include Col. Thomas Wentworth Higginson, who was a personal friend of the poet; Dr. David Williams Cheever, who was the assistant of Dr. Holmes when the latter was professor in the Harvard medical school, and Dr. Edward Waldo Emerson of Concord, son of Ralph Waldo Emerson.

RELIGIOUS LIBERALS TO HOLD CONVENTION

OBJECT IS TO AMALGAMATE ALL RELIGIOUS CULTS IN ONE ORGANIZATION.

PHILADELPHIA, Pa., April 27.—Prominent men representing various religious denominations have arrived here from all parts of the country to attend the Congress of the National Federation of Religious Liberals which will open a three days' session in the Friends' Meeting House on Race street, tonight. The platform of the federation contains the declaration that mutual toleration and good will between all classes, races and churches of the republic constitute a fundamental condition of religious and civil welfare. The object of these congresses is to bring distinguished men representing various classes, races and religions together and give them an opportunity to express their ideas on mutual toleration and good will.

At the opening session tonight addresses on "Tolerance and Good Citizenship" will be given by Oscar S. Straus, former Secretary of Commerce and Labor; Charles J. Bonaparte, former Attorney General of the United States; President W. H. P. Faunce of Brown University and Booker T. Washington, of Tuskegee. A letter by President Taft on the subject of "Religion and Politics" will be read.

Topics to be treated at the subsequent meetings are: "Liberal Religion" by the Reverend W. C. Gannett F. A. Bisbee, A. S. Crapsey, Henry Motter and J. J. Summerbell; "What Liberal Religion has done for America," by Edwin D. Mead of Boston; "The Bible in Modern Life" by Rabbi David Phillipson of Cincinnati; "The Church in Modern Life" by the Rev. Frank O. Hall of New York; "Jesus Christ in Modern Life" by Prof. George B. Foster of the University of Chicago.

Among the speakers at the congress will be also Prof. Dr. Francis G. Peabody of Harvard University; former Governor Curtis Guild of Massachusetts; President F. W. Hamilton of Tufts College; Alexander Johnson, secretary of the National Conference of Charities; Mrs. Frederick Nathan, president of the Consumers' League; Mrs. Anna Garline Spencer of New York; John Mitchell, former president of the United Mine Workers; Justice F. J. Swayze of the Supreme Court of New Jersey; Willard J. Doan of Indianapolis and the Rev. Dr. P. Ilgen of St. Louis; Dr. Wm. I. Hull of Swarthmore College; the Rev. John Haynes Holmes of New York and the Rev. Jenkin Lloyd Jones of Chicago.

The closing session on Friday evening will be devoted to a symposium on the "Fellowship of the Spirit," introduced by the Rev. Charles G. Ames of Boston, in which the speakers will unofficially represent twelve different religious denominations.

FOOT RACE A FAKE

Another Denver Man Arrested in the Maybray Swindle.

DENVER, April 27.—Another arrest was made in this city last night in connection with the investigation of the records of J. C. Maybray and his alleged swindling band. D. B. Jacobs, who lived in this city for several years and has a beautiful home, was taken into custody on a warrant charging him with being an accomplice of Ernest Powers, a footracer, in swindling J. C. Bowman of Silverton, Colo., out of \$13,700. The alleged swindle was accomplished by means of a footrace in which Powers

DO YOU OWN A HYOMEI INHALER?

If you have a little Hyomei inhaler (pronounced High-o-me) in your home you have a treasure.

Into this hard rubber inhaler you can pour a few drops of Hyomei and presto, you have the best little physician for catarrh, coughs, colds, bronchitis, croup and asthma, the world has ever known.

When you breathe Hyomei you bring the healing virtues of the mountainous forests to your home. You get the very same healing, anti-septic air that you would breathe if you resided in the forests of pine and eucalyptus of inland Australia, where catarrh or consumption were never known to exist.

If you have a Hyomei inhaler in your home, get a bottle of Hyomei for 50c.

If you have not an inhaler, ask for a complete outfit, which costs but \$1, and includes an inhaler, a bottle of Hyomei, and simple instructions for use.

Hyomei is sold and guaranteed by T. F. Laurin, Owl Drug Store to cure catarrh, asthma or bronchitis, or money back. It will relieve a cold in five minutes, and will break it up, in five hours. It gives most gratifying relief to consumption sufferers, and is sold by leading druggists everywhere.

is said to have been a contestant, and upon which Bowman was induced to bet heavily. According to the police here, the race was pulled off in Council Bluffs, in July, 1908, and near the finish Powers, on whom Bowman had pledged his pile, fell unconscious and was beaten, Bowman, of course, losing his thousands. The charge against Jacobs is that he was acting as Powers manager and that the race was a fake arranged for the purpose of robbing Bowman.

FOR DEPENDENT CHILDREN.

Indian School in Michigan May be Converted to This Use.

LANSING, Mich., April 27.—A movement is on foot for converting the Federal school for Indians at Mount Pleasant, Mich., into a State Home for crippled, dependent children. There have been frequent rumors that the institution was in danger of being dropped from the list of Government Indian schools and State Senator Moriarity has taken up with United States Senator Burrows the question of having the Federal Government deed the property over to the state.

Children not well in mind and body are by state excluded from the State Home for dependent children at Coldwater and there have been frequent occasions when lawyers have been sorely puzzled to make suitable provision for dependent children who had the additional misfortune of being crippled.

The Best Laid Plan.

Husband (who is going to the theater with his wife)—There; I took time for the forelock tonight. Here I am an hour beforehand, with my evening clothes all on and everything ready. Now I'll go downstairs and have a quiet smoke while you get ready.

Wife—Oh, darling! Can you ever forgive me?

"What's the matter now?"
"Why, the cook tells me the furnace fire went out this afternoon, as the furnace man failed to come. The baby has a cold, you know. Would you mind going down to the cellar and making it over? You've just got time now."—New York Herald.

Successful Ugly Women.

Successful women were not always irreproachable beauty or modeling. Thus the Princess d'Evall of Louis XV's time was one-eyed; the salt of Montepan's mouth reached her ears; Mme. de Maintenon was thin, meager, yellowish; La Valliere lame, Gabrielle d'Estrees one armed, Anne Boleyn six fingered.—Hindustan Review.

He Dodged.

Mr. Meek—Did you trump my ace?
Mrs. M.—Yes. What of it? Mr. M.—Nothing, my dear. I'm glad it was you. If one of our opponents had done it we'd have lost the trick.—Cleveland Leader.

There is Only One "Bromo Quinine"

That is Laxative Bromo Quinine

USED THE WORLD OVER TO CURE A COLIC IN ONE DAY.

ASTORIA IRON WORKS

DESIGNERS AND MANUFACTURERS OF THE LATEST IMPROVED Canning Machinery, Marine Engines and Boilers. COMPLETE CANNERY OUTFITS FURNISHED. Correspondence Solicited. Foot of Fourth Street.

LET US TELL YOU ABOUT

Tungsten Electric Lamp

Greatest advance in lighting methods since the invention of incandescent lamps.

EXAMPLE—
32 C. P. Ordinary electric lamp consumes 110 watts per hour
32 C. P. "Tungsten" electric lamp consumes 40 watts per hour

Saving 70 watts per hour
By using "Tungsten" lamps you can get 275 per cent increase in light for the same cost or in other words can have the same quantity of illumination for 35 per cent of the cost of lighting with ordinary electric lamps.

The Astoria Electric Co

ASTORIA & COLUMBIA RIVER R. R.

Will sell cheap round trip excursion tickets to Denver May 17th, July 1st and August 11th

On June 2nd & 3rd, July 1st and 2nd & 3rd and August 11th and 12th, very low round trip rates will be made to St. Paul, Duluth, Omaha, Kansas City, St. Louis, Chicago and all eastern points.

Through Rail and Steamship tickets sold to all parts of the world.

WRIGHT BROTHERS ARE RIVALS IN AIRSHIP

EXPERIMENTS MADE PROVE TO INVENTORS SUCCESS OF THE MACHINES.

SAN ANTONIO, Tex., April 27.—Persons in this city and throughout Texas who have given much time and attention to the study of aerial flight assert confidently that while the improved airship of the Wright Brothers is a success, in a way, it will probably yet fall upon San Antonio to be the scene of the first truly successful flight of an aeroplane in the world's history.

J. W. Oman of this city has invented an aeroplane and, according to his own judgment in aerial navigation, his machine will accomplish what the world has been expecting ever since the first aeroplane was invented. Dr. F. G. Fielding of this city, famous throughout the United States as a successful aerial navigator in balloons, and a number of other Texas scientists, are so much interested in the San Antonian's invention that they have associated themselves with him financially, and it is the intention of the organization to have a perfected machine in readiness to make flights during the coming International Exposition here.

Experiments which have already been made with models of the machine have proved to the entire satisfaction of the inventor the success of the mechanical principles which he has employed. His machine, about which he does not care at this time to give out much detailed information, differs radically from all others which have thus far been exploited. It is one whereby his propellers are so arranged that the machine needs no track or long distance run in order to make a flying start. It can also alight on or rise from the water without trouble, and by an automatic arrangement balances itself while in the air without assistance from the navigator. It will be equipped with two thirty-six horse-power engines, either of which will be sufficient to run the machine alone. An equipment of four parachutes will be carried, which, in case of accident, will open and land the airship without disaster to it or its occupants. The machine can be constructed in anything from a sporting size to a military or commercial proposition.

Does Your Back Ache?

If you are a woman and you have this symptom get Lydia E. Pinkham's Vegetable Compound without delay. Backache seems an invention of the evil one to try woman's souls. Only those who suffer this way can understand the wearing, ceaseless misery.

We ask all such women to read the two following letters for proof that Mrs. Pinkham's medicine cures backache caused by female diseases.

Brooklyn, N. Y.—"I have been a great sufferer with a constant pain in my back. I was advised to use Lydia E. Pinkham's Vegetable Compound for it, and the pain has disappeared. I feel like a new woman since that awful pain has gone, and may God bless the discoverer of that great and wonderful remedy."—Mrs. Peter Gaffney, 548 Marcey Ave., Brooklyn, N. Y.

Milwaukee, Wis.—"Lydia E. Pinkham's Vegetable Compound has made me a well woman, and I would like to tell the whole world about it. I suffered from female troubles and fearful pains in my back. I had the best doctors and they all advised an operation. Lydia E. Pinkham's Vegetable Compound made me a well woman and I have no more backache. I am ready to tell every one what this medicine has done for me."—Mrs. Emma Inso, 833 First St., Milwaukee, Wis.

Lydia E. Pinkham's Vegetable Compound has made thousands of cures of such cases. You notice we say has cured thousands of cases. That means that we are telling you what it has done, not what we think it will do. We are stating facts, not guesses.

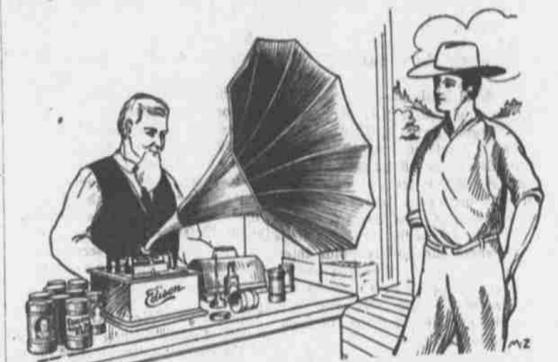

We challenge the world to name another remedy for female ills which has been so successful or received so many testimonials as has Lydia E. Pinkham's Vegetable Compound.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.

GREAT SPECIAL OFFER

An Edison Standard Phonograph Sent to You on 10 Days' Free Trial

And That is Not All—Here are the special inducements we offer 300,000 MEN ONLY—We pay the freight—within your eight months' time to pay—and give you TEN DAYS' FREE TRIAL in your own home of this Standard Edison Phonograph. The illustration above is our No. 7 Edison. Weak? Tired? Run-down?

These conditions come from overwork, a weak stomach, overtaxed nerves or feeble blood. When you feel "all in"—hardly able to drag about, no energy, no ambition, easily exhausted and can't sleep—take

BEECHAM'S PILLS

and note what a difference they make in your condition. The stomach is the first to feel the good effects. Food tastes good, the digestion is strengthened; bowels and bile work regularly, the blood is cleansed, and the nerves rested. The whole system responds to the tonic action of Beecham's Pills. Soon there is the buoyant feeling of returning health.

Fresh Strength and New Life

Boxes 10c. and 25c., with full directions.
